Freetown, Sierra Leone.

Subject: Urgent Request for Temporary Leave of Absence

Dear Administration,

I am writing to ask for a temporary leave from my studies at the College of Digital Excellence (CODE). My name is Mary Firstina Gbanyawai. I value being a student here, but I am facing a serious family crisis that needs my full attention right away.

My mother, who lives in Bo, has suddenly become very sick and is currently in the hospital. This situation is heartbreaking for my family. The weight of this falls on me because I am her only child and the only person who can take care of her. Even though my studies in Freetown are important to me, I have to choose between school and my mother's health. I must travel to Bo immediately to be with her.

Please understand that I don't just want to go; I need to go. Knowing she is suffering alone makes it impossible for me to focus on my schoolwork. Also, since I am the only one she has, I have to handle everything at the hospital, talk to the doctors for her, and take care of our home while she is away. It is not possible for me to manage these serious responsibilities while staying in Freetown.

Because her condition is serious and recovery will take time, I expect to be away for a couple of months. I am asking for your kindness and official permission to take this time off so I can care for the woman who has always cared for me. I am fully committed to finishing my course at CODE and plan to return as soon as things get better.

Thank you for understanding and for your help during this hard time.

Sincerely,

Mary Firstina Gbanyawai
Student, College of Digital Excellence
